

We Invite you to Take the TriggerGrip™ Challenge at

Stop by
MicroCare
Booth 909
and take The
Challenge!

A Timed 13-Step Demo of the Innovative TriggerGrip™ PCB Dispensing Tool

The Challenge:

1. Attach the TriggerGrip to a MicroCare aerosol flux remover can.
2. Pressurize the can and secure the clip.
3. Place the can in bench stand.
4. Prime the brush with one short pull.
5. Wet-Scrub-Rinse-Dry process on PC board...minimum 10 seconds.
6. Remove standard brush attachment.
7. Attach TriggerGrip syringe attachment (SR35)
8. Flush clean process with 3 pulls on trigger.
9. Remove the syringe.
10. Attach TriggerGrip surface mount brush (SMB).
11. Spot clean process using lint-free wipe (WF44) -- 3 seconds minimum, 1 pull.
12. De-pressurize aerosol can by removing the clip. This step cannot be skipped. If participant starts to detach the cable, a MicroCare official intervenes, and a penalty is assessed.
13. Detach TriggerGrip from the can.

Scoring:

All Challenge demos will be timed. A 2-second penalty will be added to the time for any steps that are skipped or omitted. The total time plus penalty will be your final score.

Prizes:

Get the lowest total time and WIN!

\$250

\$175

\$100
