

Sticklers™ Multifibre CleanClickers™ Fibre Optic Connector Cleaners

Perfect for cleaning connectors in high-density cabling networks, data centres and CO's.

All Sticklers™ CleanClickers™ are made with static-dissipative materials to suppress static electricity build up and suitable for ESD protected areas.

Rugged precision cleaners use a smooth click-to-clean push action with light contact force to eliminate the risk of end-face damage.

Cleans dust, particulates and oil contamination.
Color coded to minimize user error and speed cleaning.
