

## ProBarrier™ disposa chain™

### Disposable Bib Chain

#### Description:

ProBarrier disposa chain is a disposable bib chain.

#### Disposable:

- Helps reduce the risk of cross-contamination. Use once and discard with each patient. Eliminates the need to disinfect metal bib chains.

#### Economical:

- (300) 3/4" x 16-1/2" disposa chains per box. 15% more strips than the competition.

#### Patient Comfort:

- Soft, lightweight non-latex material fits comfortably on patient. Eliminates cold chains that snag hair. Adhesive strips securely hold disposa chain to bib.

#### Intended Use:

ProBarrier disposa chain is designed to replace metal bib chains and clips and to help prevent cross-contamination.

*Designed to replace metal bib chains and clips. Use a fresh ProBarrier disposa chain for each patient and eliminate the need to reprocess bib chain.*

*Patients appreciate a fresh comfortable bib holder!*

Disposable Bib Chain - 3/4" x 16-1/2" - 300/box	10	DC-0115S-1

**Product Capabilities:**

ProBarrier disposa chain saves money, improves patient comfort and reduces cross-contamination. ProBarrier disposa chain eliminates the labor and material costs associated with sterilizing as well as replacing metal chains and clips that are accidentally thrown away. ProBarrier disposa chain will not “chill” the patient’s neck or snag hair. A fresh disposa chain used for each patient and discarded minimizes the chance for cross-contamination.
