PRODUCT INFORMATION

FRC2 General Purpose Flux Remover is a versatile, powerful cleaner that effectively removes no-clean and rosin fluxes in both benchtop and bulk cleaning applications. Nonflammable, fast-drying and easy to use, *FRC2* provides residue-free cleaning for all types of electronic assemblies, including thru-hole, SMT and BGA boards, as well as hybrids, cables and connectors. It is safe for use on most electronic components and materials, including surface mount components, epoxies, nylon, polyethylene and polypropylene.

This HFC-free flux remover delivers the high-performance cleaning electronics manufacturers demand while helping reduce their greenhouse gas footprint. By eliminating HFCs, *FRC2* can help manufacturers support sustainability initiatives, prepare for evolving regulations and maintain reliable cleaning performance, making it a smart choice for electronics assembly lines and repair operations worldwide.
