Optical-Grade Dust & Particle Remover

Cleans dust & connector wear debris from inaccessible areas

- High-pressure abrasion-free cleaning
- Nonflammable
- Safe on energized equipment
- High-purity, optical-grade duster
- Extension spray tube included
- Leaves no residue
- RoHS & WEEE compliant

DESCRIPTION	SIZE	PART NUMBER
Optical Grade Dust & Particle Remover	10 oz (280 g)	MCC-FOD10A

Sticklers™ CleanWipes Optical Grade Wipes

Lint-free wipes for connectors and bare fibers

- Optical-grade lint-free wipes engineered for cleaning fiber for splicing and cleaning fiber optic connector end-faces
- Exclusive electrostatic dissipating cleaning surface
- Resists tearing and shredding
- High-modulus wipes with high absorbency
- Makes “wet/dry” cleaning simple and cost-effective

For best results, use with:
**Sticklers™ Fiber Optic
Splice & Connector
Cleaner**

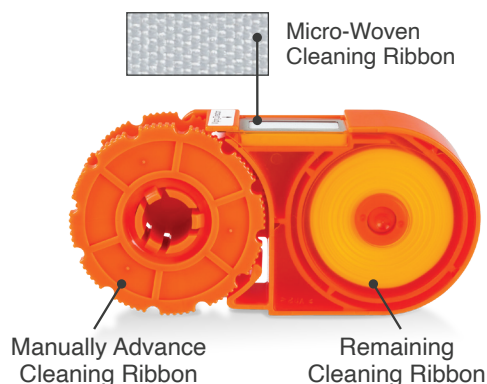

- A. CleanWipes 640** optical-grade wipes are packaged in an inner box with eight color-coded cleaning slots. Slots allow for multiple cleans with no cross-contamination. Inner box has a dissipative lining to remove triboelectric charging to eliminate static caused contamination. Highly-visible plastic outer box keeps wipes clean and dry.
Slots accept LC and SC duplex.
- B. CleanWipes 600** optical-grade wipes in portable cleaning box is perfect for your tool box. Box features six color-coded cleaning slots for multiple cleans per wipe.
Slots accept LC and SC duplex.
- C. Outdoor CleanWipes** single wipes provide fast, consistent and convenient end-face cleaning even in harsh environments. Each wipe is protected in a hermetically-sealed package that keeps it clean and dry until opened.
- D. CleanWipes 90** optical-grade wipes in convenient mini-tub ideal for the benchtop. Engineered for use on bare fiber before splicing and also for cleaning fiber optic jumpers.
NSN: 7920-01-547-6547
- E. CleanWipes Flat Pack** - 50 optical grade wipes to a plastic bag. Ideal for cleaning bare fiber and fiber optic connector end-faces.

CLEANSTIXX™ CONNECTOR CLEANING STICKS

Video:
How to Use CleanStixx™
@ SticklersCleaners.com

Sticklers™ CleanStixx™ Connector Cleaning Sticks

Versatile sticks cleans all connector types, sizes or configurations

- Patented sintered polymer fibers for consistent high-purity cleaning
 - Precisely molded to clean the entire end-face
 - Ultra-clean construction does not contain fabric, foam or glue
 - Packaging: high-purity, self-sealing bags
- 5 packages of 10 sticks per box

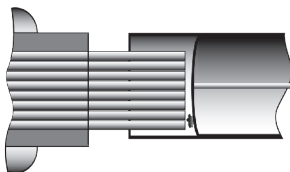

*For best results,
use with:*

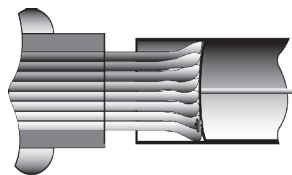

**Sticklers™ Fiber Optic
Splice & Connector
Cleaner**

CleanStixx™ Connector Cleaning Sticks Deliver Fast & Consistent Results

The fibers spread apart
and grip particulate.
Capillary action wicks
liquids from the surface.

On the head of each
CleanStixx™, fibers
flex to easily conform
to the end-face.

A NEW ERA IN
FIBER CLEANING

An industry first portable device that incorporates best-in-class benefits to spray a high purity solvent onto an end face for non-contact cleaning.

Product Features:

- Touchless cleaning eliminates scratching
- Full end face 360° clean prevents migratory residues and particulate from getting near the core
- Utilizing interchangeable tips, single device cleans multiple connector sizes (1.25mm, 2.5mm and MPO)
- Single activation delivers a micro-dose of atomized cleaning fluid inside a narrow column of pressurized air onto a fiber optic connector end face to the ferrule edge
- Compact device for field portability (battery) or AC line-powered for in-house, high-volume use

Part Number MCC-P360 Includes:

DESCRIPTION	QTY
Pro360° Touchless Cleaner Tool	1
Shoulder Strap	1
Rechargeable Lithium Ion Battery	2
A/C Power Supply & International Adapter Set	1
Pro360° High Purity Fiber Cleaning Fluid (2100+ cleans)	1
Pro360° Cleaning Tip, 1.25mm	1
Pro360° Cleaning Tip, 2.5mm	1

Multiple US and International Patents Pending.

High-Purity Fiber Cleaning Fluid
Part Number: MCC-P360SOL-A

- One spill proof replaceable fluid canister gets 2100+cleans
- Nonflammable cleaning fluid canister is easy to install
- Ships non-hazardous/not regulated globally by all modes of transportation
